<input type="text" value="lopai"/>		All	<input type="text" value="Filter..."/>	<input type="text" value="Filter..."/>
Lopaine 2%	No	Livestock	Livestock health	Ethical Agents Ve Marketing / Varic

4 Click "Conditions of use / Markets"

The screenshot shows a web interface with a sidebar on the left containing a search bar with 'lopai' and a list of items including 'Lopaine 2%'. The main content area has two tabs: 'Product details' and 'Conditions of use / Markets', with the latter being selected and highlighted by an orange circle. The form title is 'Lopaine 2%'. Below the title is a note: 'Before adding a product to your list of approved inputs, you need to review the product's conditions'. The form contains several fields: 'Product name \*' with the value 'Lopaine 2%', 'Product use \*' with the value 'Local anesthetic', 'Industry / category \*' with the value 'Livestock health', and 'Discontinued date' with the placeholder 'dd/mm/yyyy'. A larger text area labeled 'Description / Active ingredient' contains the text 'Lidocaine (Lignocaine)'.

5 Click "Add product to my list"

The screenshot shows a dialog box with a scrollable list of text blocks. Each block contains a warning icon (a yellow triangle with an exclamation mark) and text that is partially obscured but appears to be a warning about withdrawal periods and record-keeping. At the bottom of the dialog, there are two buttons: 'Cancel' and 'Add product to my list', with the latter being highlighted by an orange circle.

## 6 Choose your company

**Add product: Lopaine 2% to operator's registered input list**

**Company / Site**

Please select

- Fonterra Manufacturing - Organics Input List /  
Te Taunga / 85 New Haven Road, Owaka, 9585

**Select intended start date for product**

dd/mm/yyyy

**Intended product use**

Will this product be used on the premises for its intended use (refer to defined product use in product label)

Yes  No

## 7 Enter Date of use
