#### 5 Choose your company

**Do you intend to maintain the treated animals organics status?**  
You are not required to link the product you use into you MyOrganics input list unless you are intending to maintain the animals organics status.  
If the input is not currently listed as permitted or restricted or has been discontinued, then you will need to request an input approval; otherwise it remains unapproved and therefore defaults to prohibited.

A screenshot of a web form. At the top right, there is a dark green button with the text "Delete product" and a trash icon. Below the button, the form has several fields. The "NAIT number(s) \*" field is highlighted with an orange circle. To its left is the "Identification \*" field. Below these are the "Treatment type \*" field, which has a dropdown menu, and the "Supplier \*" field. There are also radio buttons for "Full product list" and "Other".

11 Start typing to search for the product

A screenshot of a web form titled "Emergency treatment details". It contains several fields: "Animal visual number(s) / Flock identification \*" with the value "1234", "NAIT number(s) \*" with the placeholder "NAIT number ...", "Name of product \*" with a dropdown menu showing "Please select" and an orange circle highlighting it, "Treatment type \*" with a dropdown menu showing "Treatment type \*: Antibiotic, Ivermectin...", "Manufacturer \*" with the placeholder "select a manufacturer or type ...", and "Supplier \*" with the placeholder "select a supplier or type ...". There is a red warning message: "At least one manufacturer or supplier needs to be completed. If unknown, type 'unknown'.". At the bottom, there are two questions with radio buttons: "Was the treatment administered by a vet? \*" and "Have you kept a record of this treatment?".
